## Welcome to the Honey Court

---

### COVID Notice

If you are feeling unwell please stay at home. Restrictions for indoor spaces may be in place depending on density limitations at the time of the event. Changes may occur at the last minute based on State Government advice.

Northside Beekeepers Association and the Redcliffe Show Society have enjoyed a good long standing relationship of delivering a quality honey court for the patrons of the Redcliffe Show. This long serving event has seen competitors rewarded and recognised for their skill, hard work and dedication since 1984. The Association exhibited in the 1983 Lawnton Show.

This year will again include the Les Brown Junior competition to honour our founding member who passed in 2019. Les was a founding member of the Northside Beekeeper Association in 1982 and during his time introduced many community members to beekeeping through the Redcliffe Show. The Association received a great number of entries in 2021 and would love to have many more in 2022. This year entrants will be competing for a prize pool of \$765 in value in 2022.

The purpose of this Show Schedule is to assist competitors to enter any of the 23 classes on offer in the Redcliffe Show Section 5 - Apairy. Please ensure you read the rules and schedule carefully to avoid disappointment.

Good luck and we look forward to seeing your high quality entries at the Honey Court this year.

Norma Bouveng  
Show Steward
